“Buddy was my best friend! He has been there with me through thick and thin. He slept with me and my husband. I would get up to go to work. He would get up with me. He followed me to the living room. I would pick him up to put him on the couch. I would get home from work. He would be on the couch and greet me. He was my shadow when I was home. I'd take him for rides. He would stand on my arm so he could be higher up. He literally was my best friend. He is deeply missed. Coming home to nothing is a new normal that will take awhile to get used to! Miss and love you Buddy!
