“ *My Buddy was very special, he loved to cover his eyes with his paws when taking a nap. I frequently found him with his brother in the same position or touching each other, I would call them my bookends. He was so soft and would cuddly. I will miss him so much!* ”

Pamela Krska - January 23, 2023 at 06:00 PM

Buddy will be missed so much but he was lucky to have so many years with you <3
