

Dori Alampi

April 17, 2021

Dori Alampi was born on July 2, 2014, and was a true firecracker! Her happy-go-lucky and friendly temperament made her name so fitting; like the fish in the movie Finding Nemo. She made her transition surrounded by her family at her home on April 17, 2021. Dori was not just a dog to her family, she was a fur baby, grandbaby, a pal, a travel companion and so much more. Dori leaves behind a fur mom and dad 'Tricia and Marc', her cat pal 'Lacey', birdie pals 'Tranquilo and Oz', as well as extended family members who loved her dearly. Dori was known for always smiling and she loved to show all her new tricks; sit, stand, touch, and leave it! Dori was a true foodie and loved her bones and treats. She loved to go to doggy daycare and meet with other canine companions. She was great with children and protected them as if they were her own. She taught other dogs how to be good dogs. Dori had many great adventures in her life including climbing the Indiana Sand Dunes, hiking in Starved Rock to numerous waterfalls, walks in hidden lakes, doggy vacations, many runs, and family holiday celebrations, just to name a few. Dori's favorite holidays were Christmas and Thanksgiving. Dori loved to watch as the family put up the holiday tree. Dori's life was a life well-lived with a purpose fulfilled. She will be forever missed by the ones who loved her and never forgotten
