“ *I love you forever my Franny girl! I remember your mommy showing me pictures of you on your adoption site and getting so many pictures when she got you because I was away. We were so excited about you meeting your cousins Pip and Archie, and you hated every second of it but we loved it and loved you. I remember you and Reggie playing with his ball and how silly it was. You strutting around the Sheffield apartment, always the prettiest girl in the room. How lucky we all were to be graced my the presence of a true diva* □

“ *Each morning when she would notice I was awake she would come over to lay on my chest. I would pet her cheeks or brush her face and then shortly after she would ask for some treats* ❤️
