“ I remember you going and picking her up. And I remember how she would lay on grandpa butch’s lap all day while you were at work. So sorry for your Loss. Hope had a wonderful pet mother.

“ Oh sweet Hope. You were such a loving little girl but when you were mad your face showed it! Thank you for always being there for our best friend Alana. May you feel no pain anymore and watch over us.

“ I remember the first day I got her she was so tiny and would sleep in drawers. She had such a personality on her you definitely knew when she was happy or mad with you. She loved to just sit next to you and snuggle. I miss her so much
