“ It's been a very hard and sad progression to watch these last 7 months. We watched Lancer fade from a beautiful, healthy, 11 year old, 15 pound, handsome boy..... down to 6 pounds. We did everything we could to keep him feeling good and sustain quality of life through comfort care. So here we are. Nothing else we can do but to let him go.

Tonight (5/20) we said goodbye. We did at home euthanasia. So hard to do. So hard to say goodbye. He truly was the best cat ever and this was so unfair. We will miss him everyday but be thankful that he was here with us for 11 years.

Fly high Lancer! 🌈
