“ Our sweet and sassy nutter butters. The house is different without you here. Although I thought I was prepared for this, I severely underestimated how much I would miss you. Love you, little nut.

“ One of my favorite memories is when peanut was younger and peanut and her sister would have these Royal rumbles in the front living room. Also that she let me take care of her when Jen and Paul went out of town. That's what I will miss the most. RIP peanut.

“ You were my shadow for 14 years Nuts....I will miss you every day. The last few years were tough but you proved many people wrong by battling for years.
Rest easy and without pain.
