“ *I have LOVED Presley from the moment I laid eyes on him!! He has been the apple of my eye and beloved Grand Pup.*

*I took care of him as he was my very own baby , and he was loved and spoiled rotten.*

*Presley reminded me of Eeyore from Winnie The Pooh because he always just wanted to have friend`s and especially loved children.*

*He was 14 1/2 yrs old and survived many many illnesses . Honestly I do not think he ever wanted to leave my side.*

*Life will be very different with out him but I do KNOW he will FOREVER remain in my heart with much love!!*

*He has brought all of us so much joy and love.*

*Sleep with the angels Presley we LOVE YOU and he knew that too!!*
