“ *Roxi AKA rocky was one of the most loving dogs I have ever met. She had such a big personality. From all of her stages in life, puppy stage, Italian loaf of bread stage, and her old lady stage, her personality shined through.*

*If Roxi was a human, I would like to believe that she would be the nicest old lady that always had fresh muffins, fresh chocolate chip cookies and milk and would always invite everyone in.*

*Roxi will be dearly missed but she is up in heaven right now being a young puppy running in the meadows with Jackson, Honey, and both her Grammies. Love you always Rocky 💕💕*

“ *Roxi's Journey*

*Roxi was more than just a pet—she was our companion through every mile, every season, and every chapter of our lives. She traveled with us from the mountains to the oceans and everywhere in between, always by our side, taking in the world with calm eyes and a gentle heart.*

*She had a way of making any place feel like home, whether it was a cozy spot in the RV or a quiet stretch of beach. Roxi brought peace, comfort, and joy to our family. Her presence was steady and full of love—never demanding, always giving.*

*We are so grateful for the time we shared with her. She witnessed beautiful places and helped make ordinary moments unforgettable. Her spirit will continue to ride with us on every road ahead.*
