“ Snowy..I hope you have Chancey in your arms now. It seems he couldn't live without you. I know they said seizures but his heart stopped and that means he needed you. Please keep each other company and go play in the lake..love you both

“ Many wonderful memories made with you over the last 15 years. From fishing, to going on countless walks/runs, to sunbathing ☀️, to hoping in the truck for your morning paper runs, to your boating excursions and enjoying countless meals, you were always so gentle, easy going and accepting of all without hesitation. We we're lucky and blessed you chose us to be your family! You will be missed, but never forgotten. Love you kiddo! You will never be alone as we are always here for you as you are for us.

I will never forget bringing you home..we just got home from spring break and dad said we were picking up a goat..I will never forget being in the waiting room and watching you go to the bathroom on that kid to try and run to us..we had never met but you were pulled to us instantly. Gosh girl..all the late nights studying for school with you on my lap or on the chair asleep next to me. And you loved to go running..remember when you ate kcs remote n shoes because she wasn't taking you running every day.love and hugs Snowy..Have fun in heaven with grandma and grandpa
