“ Still miss you baby girl. You were 19, going on 20. I knew you were nearing the end and as sad as it was, I'm so glad that the last hours of your life were in my lap. I still feel you jump into bed at night, I still hear your footsteps on the stairs, I still look for you when I come home from work, I miss your cuddles. For the most part, you were a one-person cat, but you were my baby. Love you, miss you.
