Tom Tom Havrilla

Just over 5 years ago, Tom Tom "strayed" into our lives. He not only stole our hearts, but also stole Kitty's heart (a feral that already "claimed" us 10 months prior). Soon, Tom Tom and Kitty became inseparable. Although we wished they would have come inside and become indoor pets. Kitty and Tom Tom didn't want any part of that. It took 2 years for Tom Tom to allow only one family member to pet him. We did the next best thing and built a custom insulated condo inside an enclosure attached to our garage. Heat lamps kept them warm in the winter. They were well fed and cared for, lounged on the patio furniture, and were part of our family.

Tom Tom was a true tomcat! He only had one eye when he showed up, but never let that hold him back. He was tough, protected Kitty, and got into scuffles with God knows what. We don't know where he came from, but we are grateful he chose us.

Tom Tom, we will always love, our baby boy! Watch over Kitty and behave up in Heaven.
